I'm so sick of constantly feeling
Our time is standing still
Beside me now
(Waiting always)

I'm not sure
How this turned out right
Ohhhhhhhhh.....

I know something that you'll never know
I know something that you'll never know
(I can always see)
I know something that you'll never know
I know something that you'll never know

I'm trying today
I'm lost in a way
And I'm sorry

Please tell me
Where you are
Cause I just can't fight this all again
(Take it all back)

I'm not sure
How this turned out right
Ohhhhhhhhh.....

I know something that you'll never know
I know something that you'll never know
(I can always see)
I know something that you'll never know
I know something that you'll never know

I'm trying today
I'm lost in a way
And I'm sorry

I know there's something that you'll never know
You know always something that you'll never know
I know there's something that you'll never know

You know always something that you'll never know

I'm trying. I'm trying, I'm trying this

I'm trying. I'm trying, I'm trying this
