It's strange that I should meet you here,
It's obvious we're desperate to comprehend the time
that we have left,
Even if we could,
You would understand this conversation is the end of
us.

It hasn't been perfect for a long time,
Now we're here again,
You were just not supposed to hear this,
From the other side.

The way we were,
When we weren't the ghosts we've become,
And even if we'd realised,
A part of you is missing every time you seem to wake
yourself up.

It hasn't been perfect for a long time,
Now we're here again,
You were just not supposed to hear this,
From the other side.

If you'll fight it hard enough,
You'll find a way to come back down,
It takes all the memories,
To be turned around and lived again,
To go on and on and on and on.

It hasn't been perfect for a long time,
Now we're here again,
You were just not supposed to hear this,
From the other side.

It hasn't been perfect for a long time,
Now we're here again,
You were just not supposed to hear this,
Here again,
From the other side,
It hasn't been perfect for a long time,
Now we're here again,

You were just not supposed to hear this,
Here again,
From the other side.
