"Why"

Look at me up in the sky,
Watch the world just pass me by,
And all my feelings give me away,
It's happening more everyday.

Loving you could be so easy,
Loving you could be so great,
Loving you could be so easy,
Loving you could be so great.

Well how can I try to explain?
Your story never seems to stay the same,
You're out of touch and I'm out of time,
Just talk to me a while,
And joke about the things we used to see,
It's so hard for me to smile.

I never felt so alone,
After all of this there's so much more to lose,
And I've taken pieces home,
I promise you I never meant too,

Well how can I complain?
When everybody seems to know my name,
You're out of luck and I'm of line,
It's such a selfish compromise,
A self indulgent useless bunch of lies,
I never thought you would believe.

Hold me now don't wake me up,
Pull me down and then back up,
All again for all too see
Low down whisper a guilty stare,
Your stagnant beauty makes me glare
Silly games in the sun,
In the sun, in the sun, in the sun, oh, in the sun.

Well how can I complain?
Your story never seems to stay the same
You're out of luck and I'm of line
It's such a selfish compromise,

A self indulgent useless bunch of lies
I never thought you would believe,
GO!

Loving you could be so easy,
Loving you could be so great,
Loving you would be so easy
Loving you could be so great.

Maybe change would keep me high,
Stop me thinking wondering why
