She smokes like an amethyst
Moving her way through my skin
She moves me

'Cause East is the way I go
But nobody seems to notice
How I feel

Keep all the lights off
And I'll try to kill our past time
Just to find your heart

Please don't ignore me
Or I'll just fall asleep
And wake up when you're gone

This body only needs
To learn to feel the problem
Disappear

I froze with those plastic eyes
Cutting lose from upon
This disguise

Keep all the lights off
And I'll try to kill our past time
Just to find your heart

Please don't ignore me
Or I'll just fall asleep
And wake up when you're gone

She smokes like an amethyst
She's moving her way through my skin
