It's not that I don't love you anymore
No, it's not that I don't want you anymore

No it's not that I don't need this to be true
Yeah I'm calling all the stations just to get through
We have done nothing wrong to know you all along
I will never bow to you again
I have found a place to believe
You should've known I'd vow to save this country from
all the lies

It's not that I don't love you anymore
No, it's not that I don't need you anymore
I'm losing all my patience over you
Yeah, I'm losing all my patience over...

We have done nothing wrong to know you all along
I will never bow to you again
I have found a place to believe
You should've known I'd vow to save this country from
all the lies

Your words are always too true
These words just always lose you
Your words are always too true
These words just always lose you

I will never bow to you again
I have found a place to believe
And I will never bow to you again
I have found a place to believe
You should've known I'd vow to save this country...
