The Grand Unification Part 1

Covered and coarse
I could wait my turn
to pay them all back
So Original,
Lets take it all back
You can hide but I wont, how do you know

blacked out and bleeding
Take it away
One look and you'll never believe,
Because, this cant hold us down.

If I wake up
on my own
If something happens
Please come home
Wake me up before you go

If you never know
That it can never hurt
As much as this does
Its so original
Lets make this all work
You could run but I wont, how do you know

blacked out and bleeding
Take it away

One look and you'll never believe,
Because, this won't hold us down.

If I wake up
on my own
If something happens
Please come home
Wake me up before you go on.

You cant hold us down

This wont hold us down
You cant hold us down

If you wake up
(If I wake up)
On your own
(On my own)
If something happens
Please come home
(You wont stop us now)
Wake me up before you go
(Nothing will hold us down)
I hope your happy on your own
(you cant hold us down)
