Covered and coarse  
I can wait my turn  
Pay them all back  
Let's turn original  
Let's take it all back  
But can hide but I won't

How do you know?  
Blacked out and bleeding  
Take it away  
One look and you'll never leave  
Because this can't hold us down

If I wake up on my own  
And something happens  
Please, come home  
Wake me up before you go

If you never know  
Then it could never hurt  
As much as this does  
Let's turn original  
Let's make this all work  
But you can run but I won't

How do you know?  
Blacked out and bleeding  
Take it away  
One look and you'll never leave  
Because this won't hold us down

If I wake up on my own  
And something happens  
Please, come home  
Wake me up before you go on

You can't hold us down  
This won't hold us down  
You can't hold us down

If you wake up  
(If I wake up)

On your own  
(On my own)  
Something happens please come home

(You won't stop us now)  
Wake me up before you go  
(Nothing holds us down)  
I hope you're happy on your own  
(You can't stop us now)
