You smash my heart with your words.
It won't break,
It won't break,
This anesthetic won't work,
It just hurts me.

I wish I knew where I came from,
I wish I knew where I'd been.

I don't,
Need you,
I don't,
Need you.

The lights are going down,
Look at us we're fading out,
It's been good to have you,
That look across your face,
Distorted, crushed and hazy eyed,
Fuck your white lies.

You pull me back all the time,
I won't wait,

I won't wait,
You drag me down but I'll climb,
I won't fall down.

I wish I knew where I came from,
I wish I knew where I'd been.

I don't,
Need you,
I don't,
Need you.

The lights are going down,
Look at us we're fading out,
It's been good to have you,
That look across your face,
Distorted, crushed and hazy eyed,
Fuck your white lies.

Look away,
And I'll be,
And I'll be there,
In front.
