I hope you make it through
I hope the scene is just as blue as our dream
We've got a long way to climb
Until we see what we've left behind.

We wake to sound of drums
And we are the soldiers of our own events
We are the keys to the kingdom
And we will never wear clothes again

You get up, move around, every time you hear a sound
What do you expect to see
Every time you look at me?
I know this, is gonna be alright.

Mercury summer (Mercury summer)
In the afternoon
I hope you come back soon
Mercury summer (Mercury summer)
You just take your time
I hope to see you

So how can you fall asleep?
So close to the fire that is keeping us warm
Sleeping out in the rough
Just let me know when you've had enough.

You get up, move around
Every time you hear a sound

What do you expect to see
Every time you look at me?

I know this,
this is gonna be alright.

Mercury summer (Mercury summer)
In the afternoon
I hope you come back soon
Mercury summer (Mercury summer)
just take your time
I hope to see you.

Mercury summer (Mercury summer)
In the afternoon
I hope you come back soon
Mercury summer (Mercury summer)
just take your time
I hope to see you.

Oooh oh-oh (repeat)

Mercury summer
In the afternoon
I hope you come back
Mercury summer (Mercury summer)
Just take your time, I hope to see you
Mercury summer (Mercury summer)
In the afternoon
I hope you come back soon
Mercury summer (Mercury summer)
Just take your time, I hope to see you.
