You and I  
Will never make it out of here  
Alive

Please just let us go insane  
We're travelling where spiders lay eggs  
With our heads above the waste  
The water broke our fall

You and I  
Will never make it out of here  
Alive

You and I  
Will never make it out of here  
Alive

I can't carry on for long  
I'll start to feel the pain again  
Now the days are all the same  
Losing sight and hold of home

You and I  
Will never make it out of here  
Alive

Cause there will come  
A day when you silence

The crowds

And you and I  
Will never make it out of here  
Alive

It feels as black as the thoughts I had  
When the road was as dark as my fears  
And just take comfort in knowing that  
All of this ends when I am done

Please just let us go insane  
There's nothing to declare but ours

You and I  
Will never make it out of here  
Alive

Cause there will come  
A day when you silence  
The crowds

Because you and I  
Will never make it out of here  
Alive
