Finding out where you're going  
Where you belong  
All the while, I'll be right here  
Seems as though there's nothing to say  
But I've waken up  
The tide has turned  
The bond between you and me can't break  
People come and go  
You'll always be a friend  
I hope to never lose your trust  
We've pushed and came so far  
Holding a grudge, weighing you down  
This hatred inside will get you nowhere  
To leave it behind is your choice to decide  
Forgiveness is hard but that's where it starts  
All the trust that I have in you  
All the pain that I shared with you  
These times I'll never forget, and I don't regret

I hope you never lose your trust  
We've pushed and come so far  
To my Lord and Savior  
You are and always will be  
How could I repay you  
For all that you've done for me  
You won't abandon the world that abandon you  
You've shown your mercy  
You gave your life for me  
I won't lose my loyalty  
To the one who died for me
