On our first date, we met at the arcade
You played my dancing game
But we saw the moves you missed
And ooh-ed that mean o' guess

We went to date number two
I had to admit, I still had a crush on you
But things felt wrong
You turned your computer on

Our game is over
It's time you knew this love is through
Game over
It's time you knew, our game is over

It's time you knew this love is through
Game over, game over

Then it came to three
I still hoped it could be you and me
Until you went to far
Sang me a song on your eletric guitar

Our game is over
It's time you knew this love is through
Game over
It's time you knew our game is over

It's time you knew this love is through
Game over, game over
(This love is through)
Game over, game over
(This love is though)
Game over

Don't mess up re-remix
Don't mess up re-remix

Our game is over
It's time you knew this love is through
This love is through, this love is through
This love is through, game over

It's time you knew

Our game is over
It's time you knew this love is through
Game over, game over

Our game is over
It's time you knew this love is through
Game over
It's time you knew

Our game is over
It's time you knew this love is though
Game over, game over
