[1st Verse]

Standing here, making this decision of my life.
I realize that you're the reason why,
And it's so clear to everyone
That having you as my wife
Is a privilege and an honor that applies.
So I take this oath of life
For all eternity
And I pray to God that I
Will give all you need
In sickness or in health
I wanna make you happy
And be the one that you would always love

CHORUS

I pledge my life to you
And with you I feel complete
You're the other part of me
I pledge my life to you
From here to eternity
I will love you endlessly

[2nd Verse]

Through this day
I'm gonna be by your side
So we can build upon each other
And strengthen both of our lives
And I'll be true, and I cannot lie
There'll be real good days
And there'll be some bad times

You're so beautiful and I
Am overwhelmed by your smile
And the tears are falling down
Emotions that I can't hide
All that I long to be
With you will be complete
You're the sunrise

And the sunset that I see

I pledge my life to you
And with you I feel complete
You're the other part of me
I pledge my life to you
From here to eternity
I will love you endlessly
