Then I grab me a mac, I say me first piece of steel-ah  
Killin' motherfuckers, god as my witness  
A young juvenile, goin' out like a menace  
Chillin' on the set, I see a big dope dealer  
And my voices in my head sayin' kidnap that nigga  
Hands all bloody 'cause I'm hecled for dope  
But I'ma pull out the gat and let the tec-9 smoke

[Chorus]

Where my hustlers at  
Where my hustlers at  
I said now where my hustlers at  
Where my hustlers at  
I said now where my hustlers at  
Where my hustlers at  
I said now where my hustlers at  
Where my hustlers at

[Fila Phil]

Devil on my shoulders, and I better start rollin'  
Picked up the mack, now its time to kill  
Put the fuckin' clip into the automatic steel  
I ran out my house with the mack oh yes indeed  
Red eye, booted up, fawl smokin' that weed  
'Cause I'm a big time hustla, big dope dealer

[Fila Phil]

Now I'm chillin' in the crack with my mack pulled  
6 niggaz on the set up to no good, now I'm lookin' at the nigga, took the mack out

That when I ran by the corner by a bad house

Now they got my fuckin' boy on the corner

And if I spray the tec, best believe my boy's a goner

Yellin' down the street, tryin' to tell my boy to go

Thats when they hit him up with the motherfuckin' calico

Now I'm pissed off fillin' up with steam

Went to bussin' at them bitches with the 44 beam

Punk fell down and I thought he was dead

Thats when I hit the hollow points up to his motherfuckin' head

[Fila Phil]

Rat-tat-tat, rat-tat-tat trigga, It's time to go to war

You shouldn't have killed my fuckin' nigga

Rat-tat-tat, rat-tat-tat trigga, It's time to go to war

[Chorus]

[Fila Phil]

Now I'm creepin' in the Melph with my mack out

2 clips taped together 'cause I smoked out

Then I ran around the corner, nigga thought I was chokin'

Hit him with the mack, tore his chest wide open

When he fell down, his boys went a runnin'

I had another clip, I put it in and start gunnin'

Dime motherfuckers don't fuck with me

I had him stankin' for days, hangin' up in a tree

I said now dime motherfuckers don't fuck with me

I had him stankin' for days, hangin' up in a tree

So won't ya snort a powder bag, snort a bag of dope

So won't ya snort a powder bag, snort a bag of dope

So won't ya snort a powder a bag, snort a bag of dope
