What if I could say to you
Of what you wanted
Would not do
What if I could say
Say to you
Of what you wanted
Of what you could do
Huh Huh Huh Huh
What you want
Is something you need
And what you've wanted
Is something I bleed
Could you say to me you love me
And I'm the only one
Could you say to me you love me
That I'm your man
Huh Huh Huh Huh

Chorus:

Is this the last time I'll ever see you
Is this the last time I'll ever meet you
Is this the last I'll ever make love to you
You

Yeah, what did you say girl
Im not the only one
What did you say girl
I'm not the only one
Huh Huh Yeah
What did you say girl
I'm not the only one
What did you say girl
I'm not the only one
What did you say girl
I'm not the only one
Huh Huh Huh Huh
