Einstein had one
So did Edison
I've got one too
I have a dream
And that dream is you

Making you a part of my life
It will come true
I have a dream
And my dream is you

In my reverie
Your kisses are so fine
And that's why I
Am concentratin' on
Making you mine

Ooo, Einstein had one
So did Edison
I've got one too
I have a dream
And that dream is you

(Instrumental Break)

When I awake each day
If I could see your face
Then I'd have done my part
To make the world a better place

Einstein had one
So did Edison
I've got one too
I have a dream
And my dream is you

And my dream is you
