(Verse)

This town

These hills

Will march along and forget the kill

Oh Lord, it's my time

(Verse)

Rest now

Sleep tight

Close your eyes, breathe in the night

Oh Lord, it's my time

(Chorus)

Please, please, not me

But it's my time

(Verse)

Blanket,

Hold the warmth

Hangman has eyes of stone

Oh Lord, it's my time

(Verse)

Rope torn

Withered and worn

Feel the breeze that blows

Oh Lord, it's my time

(Chorus)

Please, please, not me

Please, please, not me

It's my time

But it's my time

It's my time
