

Final Breakup "Ann And Me"

You're the only one that understands - who i really am
You pushed my demons far away - she pushed his
demons far away
I can't understand how I - could ignore this all the time
You knew it all and so did I - how could I ignore this

I wish I could explain
But my guts just slipped away
(I) don't find the words to say
My foremost wish is you would stay

I know - You know
That Ann was more than just a friend
You knew - it all

We've been knowing for so long
But all the time we spent - and all the years we had are
gone
If I find the words - and tell those things I want to say
We'll face reality - I want to ignore it

I wish I could explain
But my guts just slipped away
(I) don't find the words to say
My foremost wish is you would stay

I know - You know
That Ann was more than just a friend
You knew - it all
That Ann an me did understand
We had - good times

And the feelings we had
All the times that we shared
Have never been a lie
You shouldn't call this one a lie

Do we really have to explain?
Does it all work out in the end?

I wish I could explain
But my guts just slipped away

(I) don't find the words to say
My foremost wish is you would stay

I know - You know
