[King:]

Silent is the night, I'm full of raging delight  
Awaiting the saviour tonight  
Demons and priests are fighting at my side  
They shall take the saviour alive  
Riding through the sky  
All my slaves are ready for the final fight  
All those who do not know what it means  
Shall come to see me rise

[Choirs:]

All alone in the place of the evil dome  
He was taken to the throne of the faceless one  
He shall come to save us from our disgrace  
But now he's taken to this place from where noone  
returns

[King:]

After all he's there to face me, to face me eye to eye  
No use to beg for mercy, there is only one who has to  
die

[Choirs:]

The saviour had no chance dusty  
His brilliance betrayed by the ones he wants to free  
Forever he is gone beyond the realms of death  
And dawn he will never come back to the world

[Elf:]

If you will meet him on your way to the other side of our  
lives  
Touch his hand to say goodbye

[Old man:]

And as the saviour died shattered by the might of the  
king  
She cried out the tears and her tears were like tears of  
a mother  
Who is crying for his fallen son
