I know that you're hiding things
Using gentle words to shelter me
Your words were like a dream
But dreams could never fool me
Not that easily

I acted so distant then
Didn't say goodbye before you left
But I was listening
You'll fight your battles far from me
Far too easily

"Save your tears 'cause I'll come back"
I can hear that you whispered as you walked through
that door
But still I swore
To hide the pain
When I turn back the pages

Shouting might have been the answer
What if I cried my eyes out and begged you not to
depart?
But now I'm not afraid
To say what's in my heart

Though a thousand words
Had never been spoken
Will fly to you
Crossing over the time and distance holding you
Suspended on silver wings
And a thousand words
One thousand confessions
Will cradle you making all of the pain you feel seem far
away
They'll hold you forever

The dream isn't over yet
Though I often say I can't forget
I still relive that day
You've been there with me all the way
I still hear you say

"Wait for me, I'll write you letters"
I can see how you stammered with your eyes to the
floor

But still I swore
To hide the doubt when I turn back the pages
Anger might have been the answer
What if I'd hung my head and said that I couldn't wait?
But now I'm strong enough to know
It's not too late

Cause a thousand words call out through the ages
They'll fly to you
Even though I can't see, I know they're reaching you
Suspended on Silver wings
Oh a thousand words,
One thousand embraces
Will cradle you
Making all of your weary days seem far away
They'll hold you forever

Though a thousand words have never been spoken
Will fly to you
They'll carry you home
And back into my arms
Suspended on silver wings, oh
And a thousand words called out through the ages
Will cradle you
Turning all of your lonely years to only days
They'll hold you forever
