Never ending dreams

Inside of feeling sorrow
Never ending dreams
To leave close to your wondered heart
Don't far apart, let me hold you in
my arms so you can hest your soul
Drifting through the wind of time
Feelings water sweet memories
Realize you're not all alone
Always I'll be right here by your side

Don't be afraid, open the dark to your heart to find
All the dreams that you believe is waiting for you,
shining right
Together we'll make it true
Feeling your love, there's nothing to fear when you are
near
Through every seasons of gold
You're a part of my life, live with you this expression
moment forever

I'm thinking of you always, feeling you inside
We're here only our changed voices
You're wanted love when I close my eyes
My heart can still feel your warming breath

I'm not afraid, every beat of my broken heart
Shining right showing the way
I can see then a day I'm with you
Then I find my tomorrow screen
Feeling your love, bringing so much joy into my life
Through every seasons of gold,
You make me feel alive
Share with you this expression moment forever.

Feeling your love, bringing so much joy into my life
Through every seasons of gold,
You make me feel alive
Share with you this expression moment forever.
