Go now if you want it.
Another world awaits you
Don't you give up on it.
You bite the hand that feeds you.

All alone cold fields you wander
Memories of it, cloud your sight
Fills your dreams, disturbs your slumber
Lost your way, a fallen knight

Hold now, aim is steady
Another world awaits you.
One thousand years--you ready?
The other world it takes you

Go into the sand and the dust in the sky
Go now, there's no better plan than to do or to die
Free me pray to the faith in the face of the light
Feed me fill me with sin now get ready to fight

You know, you will
You know, you will
You know it, you know it, you know it, you know that you
will
You know, you know, you know, you know that you will
You know, you will

Fight fight fight
Fight fight fight
Fight fight fight
Fight fight fight

Hope dies and you wander
The other world it makes you
Dreams they rip asunder
The other world it hates you
Free now ride up on it
Up to the heights it takes you
Go on if you want it.
Another world awaits you

Strike!
Raise!
Strike, strike!
Raise, raise!
Raise, raise, raise, raise, raise, raise
Raise, raise, raise, raise, raise, raise
