Oh my god I think I'm blind
I found one cut that wont suffice
You promised, Sleep tonight

[screaming:]
(???four miles west with the cops in the ditch
To protect your children
One more one more, one more
To find I'm not the bad guy???)

Now go to sleep, nightmares make these
Scars on stomachs bloody you lie
Quick as they can rise
Makes more heavy sighs

It's painless
It's painless
To float above the earth
Like this

Tie me to a chair
Subconsciously
Surrendering
Now that I'm awake
It's hard for me to make believe

This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done

Blood beats through the sheets
Insomniac did you know
Cuts through my arm
Trail of nightmares leading upstairs
Do I follow
Cuts through my arm

Tie me to a chair
Subconsciously
Surrendering
Now that I'm awake
It's hard for me to make believe

This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
