Let's see
What you believe
Grown tired of pretending
Talk myself into circles
Displacement me or I
Do you bleed? Are you listening? I cried
I find it hard to feel for
Helps me now latch the wheel

I Don't believe
I Don't believe
I'm able now

Yea
They build you up to break you down
Don't ever slight the sound
Yea
It's evident we are the last to know it
Get up and save yourself from

Bat your eyes at the leper
One look could turn to stone
Do you think you can make it all alone?
Nail yourself to the wall
Give in head back for more
Come on now pick yourself up off the floor

I find it hard to feel for
Helps me now latch the wheel

I Don't believe
I Don't believe
I'm able now

Yea
They build you up to break you down
Don't ever slight the sound
Yea
It's evident we are the last to know it
Get up now take the stage and
(Wave)
(Goodbye)

We're running blind inside your mind
Lay down
Come on with me
We are running blind it's justified

(Wave)
(Waving, waving goodbye)
(Waving, waving goodbye)
(Waving, waving goodbye)
(Waving, waving goodbye)

Yea
They build you up to break you down
Don't ever slight the sound
Yea
It's evident we are the last to know it
Get up and save yourself from hell
