I'm sleeping to give my head a rest
I am so sick of these arguments
Alone, once again I'm on my own
I just need some time to myself
Or I'll explode

I know, that this is all my fault
And one day, I will get it right
But for now, I'll sit here and remind myself
That everything will be okay

Your letter written on a napkin
Sits on my nightstand, and it reads
"This is... This is the last time
That I will write to you
This is goodbye"

I know, that this is all my fault
And one day, I will get it right
But for now, I'll sit here and remind myself
That everything will be okay
I know, that this is all my fault
And one day, I will get it right
But for now, I'll sit here and remind myself
That everything will be okay
Okay
Okay
