Oh, my God, I think I'm blind
I've found one color, won't suffice
You promised, sleep tonight

Call it a whisper that comes from the distance
To protect all your children
One more, one more, one more minute
To fight off the bad guy

Now go to sleep
Nightmares make these scars
A stomachs bloody hole
Sinking quicksand eyes
Makes for heavy sight

It's painless, it's painless
To float above the earth
Like this

Tie me to a chair
Subconsciously, surrendering
Now that I'm awake
It's hard for me to make believe

Blood between the sheets
Insomniatic meat, oh, can't shut my eyes?
Void of nightmares, leading upstairs
Do I follow? Can't shut my eyes?

Tie me to a chair
Subconsciously, surrendering
Now that I'm awake
It's hard for me to make believe

This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done

This is the worst thing that you have ever done
This is the worst thing that you have ever done
This is the worst thing that you have ever done

This is the worst thing that you have ever done
