No sooner than this
Have you rushed to shore
What's left of yourself to save?
Expect nothing less
You're waiting alone
Don't hold your breath anymore

It's winter in a land of promise
That you left to me
(What would you say?)

It's enough to dispose
Shallow waters are frozen
Secrets are left alone

Is this when you thought you'd have all the answers?
You only get what you give
But I can't deny
When it's all been said and done
I burned a thousand goodbyes

It's winter in a land of promise
That you left to me
(What would you say?)

It's enough to dispose
Shallow waters are frozen

Secrets are left alone

I crossed another bridge today
I crossed another line
Before we cross that bridge again
Let's wait here for awhile...

All in all we're never looking back
Dance in time to save each other
All in all i'm never looking back at you

Don't ever beg for...
You never even had a chance to save yourself

It's winter in a land of promise
That you left to me
(What would you say?)

It's enough to dispose
Shallow waters are frozen
Secrets are left alone
