Punk Rock Princess

Maybe when the room is empty
Maybe when the bottles full
Maybe when the door gets broke down love can break
in

Maybe when Im done with thinking
Maybe you can think me whole
Maybe when Im done with endings this can be good
This can be good
This can be good

And you can be my punk rock princess
I will be your gerage band king
You can tell me why you just dont fit in
And how your gonna be something

Maybe when your hair gets darker
Maybe when your eyes get wide
Maybe when the walls are smaller there will be more...
space
Maybe when Im not so tired
Maybe you can step in side
Maybe when I look for things that I cant replace
I cant replace
I cant replace

And you can be my punk rock princess
I will be your gerage band king
You can tell me why you just dont fit in
And how your gonna be something
If I could be your first real heart ache
I would do it over again
And you could be my punk rock princess
I will be your heavyweight

I never thought you'd last
I never dreamed you would
You watch your life go past
You wonder if you should

And you should be my punk rock princess
So I would be your gerage band king
You can tell me why you just dont fit in
And how your gonna be something
If I could be your first real heart ache
I would do it over again
And you could be my punk rock princess
I will be your heavyweight

Woo Hoo
You know
You only burn my bridges
Woo Hoo
You know
You just cant let it sink in
You could be my amber wind
You could be my amber wind
