Watching you sleep, your slipping away
Im thinking of how i can get you to stay
Im wondering how, things got so wrong
Your here with me but your already gone

Too blind to know, to dumb to see
That your not even in love with me
Too blind to know, to dumb to see
Id be better off if you werent with me

Your running, this by her
Emotions, on fire
Your love is, Now past her
The burning, is faster

Watching the phone, for a suprise
The sound of your voice, that cries in the night
Im reading the notes, you wrote me before
Remembering why that it's you i adore

Too blind to know, to dumb to see
That your not even in love with me
Too blind to know, to dumb to see
Id be better off if you werent with me

Your running, this by her
Emotions, on fire
Your love is, Now past her
The burning, is faster

Why can't you, you ever see-How much your love,
means to me
Cause I'm everything, for what youve shown
Now without you, im so alone

Too blind to know, to dumb to see
That your not even in love with me
Too blind to know, to dumb to see
Id be better off if you werent with me

Your running, this by her
Emotions, on fire

Your love is, Now past her
The burning, is faster

Faster, why don't you know that it's just one way
Faster, faster, the burning, is faster
