So you left me here, without a single said goodbye  
No words were exchanged, just a handful of your lies  
Going back through the years, i didn't think this would  
apply  
But here i am and now your gone, so all i have now left  
is time

So i sit here and lie, pondering on thoughts of time  
What has come and what has gone, and how you've  
seemed to prove me wrong  
So I'll do all i can, try so hard to understand-That things  
will never be the same

10'o clock thursday night, tv's on my brain is fried  
Thinking back to good ol' times, when we were young  
and all was fine  
But as you see times have changed, but where do i run  
and who to blame  
But still im here and your gone, i guess I'll just have to  
move on

So i sit here and lie, pondering on thoughts of time  
What has come and what has gone, and how you've  
seemed to prove me wrong  
So I'll do all i can, try so hard to understand-That things  
will never be the same

You want this, you got it  
Does it make you happy to see me like this  
Does it hurt you, that this kills me  
Or is this, exactly what you want

So i sit here and lie, pondering on thoughts of time  
What has come and what has gone, and how you've  
seemed to prove me wrong  
So I'll do all i can, try so hard to understand  
That things will never be the same
