Never had the good things only money can buy

I drive my car but I haven't got a car to drive.  
Never had a holiday in the tropical sun

Good times look like they're never gonna come.  
Oh

I know these times are bad and it makes you wanna cry

Don't be sad  
We'll get by.

Baby  
Baby  
Don't look back  
It won't do no good

Baby  
Baby  
Don't look back

I'm gonna leave and I think that you should.

I've spent my life in a place like this

On the first bus out I'm gonna get myself a lift.  
If you wanna stay  
Well  
That's alright

If you wanna go it's got to be tonight.  
Oh  
I know these times are bad and it makes you wanna cry

Don't be sad  
We'll get by.

Baby  
Baby  
Don't look back  
It won't do no good

Baby  
Baby  
Don't look back

I'm gonna leave and I think that you should.

Never had the good things only money can buy

I drive my car but I haven't got a car to drive.

Oh

I know these times are bad and it makes you wanna cry

Don't be sad

We'll get by.

Don't look back
