### **"Labor Saving Device"**

Visit "[Labor Saving Device](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I've got no time for your lies, you stupid old man,  
I've got no time, and I don't really know.  
I've got no time for your lies, you stupid old man,  
I've got no time, and I don't really care.  
When you've got no money, you've got no life, and  
you've got no family,  
How do you like it now? You thought that it was cool,  
but it's over now?  
I've got my labor saving device, you've got your labor  
saving device.  
I've got no time for that life, it doesn't make sense,  
I've got no time, and I don't really know.  
I've got no time for that life, it doesn't make sense,  
I've got not time, and I don't really care...  
... that's so nice... that's so nice....
