#### Verse 1- Lauryn Hill

Watch the Masta Plan, The pastures span,  
Through the streets, flipped the beat,  
move the sheep like the Shepard.  
It's a new day, my crew stay,  
forever striving.  
Give thanks cuz we alive, and  
been through the gutter.  
Now we See the Horizon,  
It's clear to me now.  
Used to be confused,  
Took a lot of years to see how.  
Now, we movin planets,  
take the average mind and expand it.  
You take for granted like we're  
always gonna be disadvantaged.  
But soon come, it soon come,  
ya soon done.  
Ya start run, you stumble,  
we catch one.  
In the rhythm, Santana lick the  
guits with precision  
Not accidental, intentional,  
concious decision.  
To Zion, we're marching  
through with African Mayans  
conquering Babylon with  
the heart of a lion  
Behold to watch yesterday  
come back around.  
And the walls of Jericho  
come a tumbling down

#### Verse 2- Cee-Lo

Tell me how long has it been  
Is everything, everything  
alright my friend  
You see, time is passing,  
people asking how com none

of this is lasting  
Money will, make people deal  
like they don't even have to feel  
But no, it ain't real, it ain't real

Chorus- Cee-Lo

Oh, Do you like it the way  
that it's going down  
Do you like it the way  
that it's going down  
Ooh, Do you like it the way

Verse 3- Cee-Lo

How long, how long will we wait,  
to sit down and communicate  
See, everything is relative, if  
you want to get, then give  
Can't we all just build and live,  
can't we, can't we?

Chorus
