you were the chosen  
the tragic, the broken  
the reckless, the restless  
the silent, the spoken  
what you want, you got  
fall in, fall out  
do you need it  
do you want it  
you'll never ever have it

from this day forward  
I promise to leave you  
to never be near you  
to hate or hold you, love or save you  
again

lights out, black outs  
take from the dreaming and give to the dead  
now that you're too late for living  
too late for giving all that you wanted to  
take forever stay forever

you wanted a martyr  
a prey for the hunter  
the hopeless, the souless  
the lamb for the slaughter

what you want, you got  
fall in, fall out  
do you need it  
do you want it  
you'll never ever have it

from this day forward  
I promise to leave you  
to never be near you  
to hate or hold you, love or save you  
again

lights out, black outs  
take from the dreaming and give to the dead  
now that you're too late for living

too late for giving all that you wanted to  
take forever stay forever

I promise to leave you  
to never be near you  
to hate or hold you, love or save you  
again
