Inside I'm gone, you knew that all, all along  
Without the distance you never get away  
Plastic bag image, it's over now, it's over now  
The color fading is all the way to gray

We are strong but we're dumb  
We look above, we look above  
We are strong but we're dumb  
We look above, we look above

Trusting, the instinct, it's not about what you think  
The one reaction is only to obey  
And now I'm staring, all around, I'm not far down  
Judge the distance from the ground and pray

We are strong but we're dumb  
We look above, we look above  
We are strong but we're dumb  
We look above, we look above

We are strong but we're dumb  
We look above, we look above  
We are strong but we're dumb  
We look above, we look above

We are strong but we're dumb  
We look above, we look above  
We are strong but we're dumb  
We look above, we look above

We look above, yeah yeah yeah  
We look above, we look above, yeah yeah yeah
