My last words to you I think I might romanticized
I don't think I'd be satisfied if all I said was goodbye
And my last words to you don't come to mind as the
time goes by
I think I said thank you or I might've just said see you
around

But hey, what the hell's the difference anyway?
I never could find the right words to say
You always left me speechless anyway
And words still allude me to this day

I know you never heard any famous last words
(No)

My last words to you don't come to mind as the time
goes by
I think I said thank you or I might've just said see you
around

But hey, what the hell's the difference anyway?
I never could find the right words to say

You always left me speechless anyway
And words still allude me to this day
There's not more I can do but wander on, (On On)

I know you never heard any famous last words, (No)
I know you never heard any famous last words, (No)

(Ohhh)
Not much more I can do but wander on
(Ohhh, Ohhh)

I know you never heard any famous last words, (No)
I know you never heard any famous last words, (No)
I know you never heard any famous last words, (No)
I know you never heard any famous last words, (No)
