Without it I'm failing  
My heart waits in the wings alone  
The stages I go through  
Keep coming time and time and time again

Do you wonder how  
I stay so complacent

It's like waiting for the ocean  
To save you from the waves  
When you're so far under  
Silent, never moving and never moving

You've taken your timing  
So flawless executing me  
So fearless and hopeful  
Can you imagine such a scene

Do you wonder how  
I stay so complacent

It's like waiting for the ocean  
To save you from the waves  
When you're so far under  
Silent, never

Waiting for the needle  
To take away the pain  
Until finally we numb  
Our every bone

Do you wonder, did you ever wonder  
How I stay so complacent  
I stay so complacent

It's like waiting for the ocean  
To save you from the waves  
When you're so far under  
Silent, never

Waiting for the needle  
To take away the pain

Until finally we numb  
Our every bone, our every bone
