I...

So what if I don't know the next place where my mind
supposed to go
No direction, no try, on paper I am barely alive
No answer cause
No call
There's nothing going on at all
I know when I sing this song
The words might not be too strong

The world might not sing along
But who knows maybe they might
If I get the melody just right
If I get it right

[Chorus]

I am just singin' my ordinary life
I just wish the world would sing with me sometimes
I am just singin' my ordinary life
I just wish the world would sing with me sometimes

Who knows what I might find in the back woods of my
mind
Not answering your call, just lost in thought that's all
I know when I sing a song, the words might not be too
strong

The world might not sing along
But who knows maybe they might
If I get the melody just right

[Chorus]

I am just singin' my ordinary life
I just wish the world would sing with me sometimes
Yeah I am just singin' my ordinary life
I just wish the world would sing with me sometimes
Sometimes

[Chorus]

Cause I am just singin' my ordinary life
I just wish the world would sing with me sometimes
I am just singin' my ordinary life

I just wish the world would sing with me sometimes
Sometime
Sometime
