We left and as soon as we did I knew  
There was a bad taste in our mouths  
Awareness didn't come too soon  
But you finally taste it too

It's just another case of fuckin' up  
A perfectly good afternoon  
Every manner that I forgot  
Could have helped me out of acting cruel

But I wasn't in the least distraught  
Though my jokes were bombing  
I got to feeling like my timing was off  
But baby, that's just not me

So as far as anyone can see  
They'd be helpless not to agree  
They're driving miles between us three  
It was them versus you versus me

And as soon as we drove  
Right through thirty seconds without a word  
It was then that I knew for sure  
I wasn't gonna hear a word from you

And the road became the radio  
And we scowled at the beautiful trees  
I was thinking of what went wrong  
I thought, baby, it's not just me

So as far as anyone can see  
They'd be helpless not to agree  
They're driving miles between us three  
It was them versus you versus me

So as far as anyone can see  
They'd be helpless not to agree  
They're driving miles between us three  
It was them versus you versus me

It was them versus you versus me  
It was them versus you versus me
