I need more than me
Keep you wanting faithfully
Faith my best sad face
Turns so slowly into place

And in all ways
Turns Me Back

More than forces through
Shows my bestside split in two
We are once wasnt there
In the state of nows been there

But in all ways
Turns Me Back

And in all ways
Turns me

Cant forget it while were waiting
We will see for all thats been pain
See the day We will be
Always watching we keep turning back

Turn Away

You can call me fine
You find your rights I need mine
We will feel no pain
We come up from down again

But in all ways
Turns Me Back

And all ways
Turn Me Back
