You were wrong when you said,
Everything's gonna be alright.
Yeah, you were wrong when you said,
Everything's gonna be alright.

You were right when you said,
All that glitters isn't gold.
You were right when you said,
All we are is dust in the wind.
You were right when you said,
We are all just bricks in the wall,
And when you said manic depression's a frustrating
mess.

You were wrong when you said,
Everything's gonna be alright.
Yeah, you were wrong when you said,
Everything's gonna be alright.
You were wrong when you said,
Everything's gonna be alright.

You were right when you said,
You can't always get what you want.
You were right when you said,
It's a hard rain's gonna fall.
You were right when you said,
We're still running against the wind,
And life goes on after the thrill of living is gone.
You were right when you said,
This is the end.

Do you ever think about it?
Do you ever think about it?
Do you ever think about it?
Do you ever think about it?
