(Verse)

Whatever happened to our story
We always wished it would end in a glory
But one day your parent came and took you away
And it was the last time we saw today

(Verse)

But don't you worry girl
I'll get things back in a twirl
Well go back the way we used to be
Just wait and see

(Bridge)

I just can't stand not looking at you face
It's like a police officer without a case
I'll get you back no matter what it takes
Even if all my bones break

(Chorus)

I just can't stand losing you
I just can't believe it's true
You know I think about you everyday
And now my life has turned grey

What Should I do now
It's a like day of summer filled with snow
Is this the way it's supposed to be
Is what I wonder while I sit near the oak tree

(Verse)

Where? What? When? Why? And How?
Am I going to see you now
I'm just a lonely man
Without his woman

(Bridge)

I just can't stand not looking at you face

It's like a police officer without a case
I'll get you back no matter what it takes
Even if all my bones break

(Chorus)

I just can't stand loosing you
I just can't believe it's true
You know I think about you everyday
And now my life has turned grey

What Should I do now
It's a like day of summer filled with snow
Is this the way it's supposed to be
Is what I wonder while I sit near the oak tree

OOOOHHHHH I just can't stand loosing you
I just can't believe it's true
You know I think about you everyday
And now my life has turned grey

Oh no I just can't stand not looking at you face
It's like a police officer without a case
I'll get you back no matter what it takes
Even if all my bones break

YEAH!
