Save me  
From this sadness it's coming  
Or take me  
Before my smile it's dissolving  
Wake me  
From this nightmare i'm entering  
Don't let me fall in the corners of my own

As a tear comes from inside  
I feel like i'm gonna drown  
And as i'm searching for something to occupy my mind  
again  
I lay  
Down on my bed  
But then a picture of my soul shows me  
There's no way instead

Touch me  
Make me feel i'm alive  
Or forget me  
Maybe i will die with time  
Love me  
All i need is a hug  
Embrace me  
'cause times are going too rough

But as i think i'm lost nowhere  
I find where i am all alone  
And as i'm desperating slowly just looking  
At my night without stars  
I pray  
That someone could call  
But then a picture of my own  
Tells me i'm made to fall

And it's a picture of my own  
A picture of my own  
A picture of my own  
That's making me feel this way  
And i'm so sorry babe  
It's all so silent here

Up here  
Here, here...
