Thousand years of jewish aggression  
Humiliation of Aryan nation  
White race is falling  
Monkey that's gnawing a bone  
Climbs up a throne  
White girls give birth to coloured degenerates  
How is bearing Earth the monkeyman families?  
As weed they'll never die  
If we don't try

Chorus:  
Let burn in every heart  
The flame of rage

And never die out  
Till we finish our revenge!

We must resist this degradation  
We must revive the civilization  
We must remember  
Our land belongs to white race  
And no-one else

We're going on the way of Forefathers  
This is our way, and there's no other  
We'll stand for Aryan Land  
To the end

Chorus
