it's a very fine line, babe  
between you and me  
between you and i  
and i crossed it many times  
mmh  
still you're mine babe  
still you're mine

so if i had a million  
if i had a million  
yeah  
you would have a million too  
you would have a million too

so when it comes to payback  
mmh  
i'ma pay you back babe  
i'll be paying for  
cause i ain't scared no  
i ain't scared of a little manual labor  
work it off and so

if i had a million  
if i had a million  
yeah  
you would have a million  
mmh  
you would have a million too  
yeah  
you would have a million too

'n' if i had a million  
founds of chances  
i would spend 'em all yeah on us  
'n' if i had a million  
dollars and cents  
to spend it wildly  
i would spend it all  
on something i could trust

'n' if i had a million  
if i had a million

mmh  
you would have a million  
you would have a million too  
you would have a million too  
yeah  
you would have a million too  
you would have a million too

yeah  
too  
you would have a million  
too
