Glasto 2000 and I'm standing in a field
You're making me reveal exactly where I stand
I need more information than your precise location
Got ideas above my station babe, with my pink
wristband

Coz it gets you in,
to places
Coz it gets you in,
to places

Got my pink band on and I blagged myself a good one
Gotta get in to get it on, coz I sure can't get it off
Got it with my ticket so let me in, please
Just wanted to kick it, with all the vip's

Coz it gets you in,
to places
Coz it gets you in,
to places

I wish I'd never been
Gonna act my age, and sneak backstage
And the sun can't decide to make up his mind bout me
today
Got further than expected
Got through the gates
And found my mates
But I also found you with
The a&r dude
Guess I'm just too late
Guess I'm just too late

So I guess that's the end
My dream weekend
So I find my tent, and I take
All the pills I saved to take with you

Pills in my pockets
Pills in my pockets
Pills in my pockets

Well not anymore
