Come so far feel so real

All this time I've waited for you
And who we are where were goin too
All this time preparing for it

Mmmmmmm
Come so far
Mmmmmmm
Come so far yeah
So let me know when we get there if we get there
Let me know when we get there if we get there

In the dark feels so real
All this time been sleepin on you
Who we are what were going too
All this time spent saving for it

Mmmmmm
Come so far
Mmmmmm
Come so far yeah
So just let me know when we get there if we get there
Let me know when we get there if we get there

Come so far and there's no going back
All this time you've been runnin for ya
Where we are where were going too

We'll organize a sort of revolution
We'll organize a sort of revolution(x2)
