Things have been going wrong long enough to know
Everythin' is right
Been walkin' in the dark long enough to know
I finally seen the light
I've been losing long enough to know
When I find one

And even a blind man can tell when he's walkin' in the
sun

Cried enough to know this feelin' called a smile
And I've been bored and wrong long enough to know
When I do it in style

I've been wrong long enough to know, there's no more
need to run

And even a blind man can tell when he's walkin' in the
sun

Well, the wind is at my back and I'm sailing on a ship
that's overdue
Well, I've blown so many chances that I ain't gonna
blow this chance too
And I've seen enough bad time to know, good time's
begun

Even a blind man can tell when he's walkin' in the sun
