Things have been going wrong long enough to know
Everything is right
Been walking in the dark long enough to know
I finally see the light
I've been losing long enough to know
When I finally won
Even a blind man can tell when he's walking in the sun

Cried enough tears to know
This feeling called a smile
I've been bought around long enough to know
When I do it in style
I've been running long enough to know
There's no more need a
Even a blind man can tell when he's walking in the sun

Well the wind is at my back and I'm
Sailing on a ship that's overdue
Well I've blown so many chances that I
Ain't gonna blow this chance with you
I've seen enough bad times to know
Good times are gone
Even a blind man can tell when he's walking in the sun
Walking in the sun
