In sunny season  
Pollution, high resolution  
Talking about a revolution  
All around the world

I got a reason  
A wahwahchichiwahwahblamblam  
For the love of the people yeah  
Of which I am one

Well I love you and I wanna be true with a girl like you  
I want you now and forever  
How could I be new when I gotta be true?  
I want you now and forever

Don't want to lose you  
Two tone in the zone  
Talking about emancipation  
With your northern soul

If you want it  
Well I suppose by the look of your clothes  
You're talking about imagination  
Be who you want to be

Well I love you and I wanna be true with a girl like you  
I want you now and forever  
How could I be new when I gotta be true?  
I want you now and forever

Middle 8

In love we trust  
Meditation what a good vibration  
I'm a rhythm maker  
Take me to the sun  
Get it together  
White waters swimming in troubled waters  
Washing in holy waters  
A lot of peace of mind

Well I love you and I wanna be true with a girl like you

I want you now and forever  
How could I be new when I gotta be true?  
I want you now and forever  
Well I love you and I wanna be true with a girl like you  
I want you now and forever  
How could I be new when I gotta be true?  
I want you now and forever
